

Hi, my name is \_\_\_\_\_ and I'm a member of \_\_\_\_\_. I've lived (and/or) worked in New Hampshire for \_\_\_ years.

In New Hampshire, we value our freedom and our families. So I'm asking you to vote against the so-called "Right to Work" legislation proposed. In those "Right to Work" states, the median family income is about \$10,000 LOWER than in non-RTW states. That's a pay cut none of us need.

Our hard-working families do not need unnecessary governmental interference in their employment decisions.

We urge you to protect our families and respect our freedom to conduct business. We ask you to stand with New Hampshire families and vote against the so-called "Right to Work" legislation.

Thank you, \_\_\_\_\_
